Duet: Partners In Health & Aging

Duet helps older adults and their families cope with challenges related to aging. We can't stop time, but we can make life better along the way.

If you are unable to drive, disabled, isolated, or affected by disease, we will help provide the assistance you and your family need.

From getting groceries and rides to the doctor, to health promotion activities and support groups, you can trust us to provide compassionate, one-on-one support.

Since 1981, we've worked in tandem with the greater Phoenix community to provide crucial services. Our partners include volunteers, donors, faith communities and social service agencies, as well as business and other philanthropic groups.

As a non-profit, interfaith organization, Duet provides services FREE-OF-CHARGE. We're your partner in health and aging.

Nurses In Faith Communities

Duet is a resource for faith communities and nurses who want to create and sustain health programs that help the “whole person” — in mind, body, and spirit. We train nurses how to combine their professional skills with their faith—in order to promote health, healing, and disease prevention in a congregational setting.

SERVICES:

- Faith community nurse training
- Consultation and presentations
- Peer support groups

Caregivers

If you are a caregiver – someone who provides unpaid care for a loved one – you may not realize the responsibility can take a physical, mental, and emotional toll.

You can take better care of your loved one if you take better care of yourself. Duet helps you do just that.

SERVICES:

- Support groups
- Limited respite assistance
- Information and referral
- Workshops and retreats

Grandparents Raising Grandchildren

In Arizona, tens of thousands of children are raised by grandparents or other relatives. Many parents are unable to take care of their children due to substance abuse, mental illness, incarceration, child abuse or death. Duet helps keep children out of foster care by providing support to the relatives who are raising them.

SERVICES:

- Support groups
- Respite assistance
- Recreational opportunities
- Benefit counseling
- Workshops
- Social therapeutic groups for children
- Legal guidance
- Information and referral
