2019 Foundations of Faith Community Nursing Course

Duet is proud to present the Foundations of Faith Community Nursing Course. This educational experience is open to all registered nurses with active licenses.

What is Faith Community Nursing?

Faith Community Nursing is a specialized practice of professional nursing that focuses on the intentional care of the spirit as part of the process of promoting holistic health and preventing or minimizing illness.

This practice is guided by the following general principles:

- Effective healthcare requires more than medical treatment of disease or illness.
- Promotion of health and healing are part of the mission and service of a faith community to its members.
- Wellness and wholeness can only fully be achieved when we acknowledge the close connection between body, mind and spirit.

This course is based on the curriculum developed through the Westberg Institute for Faith Community Nursing, a ministry of Church Health Center, 420 North Cleveland Ave, Memphis, TN, 38104. Duet has been approved to offer the standardized curriculum.
