

Finding Meaning and Hope

A Video Discussion Series for Family Caregivers

Duet has launched ***Finding Meaning and Hope***, a free ten-part video discussion series based on the book *Loving Someone Who Has Dementia: How to Find Hope While Coping With Stress and Grief*, by Pauline Boss, PhD. This series is designed for full-time, part-time, or long-distance caregivers of loved ones with dementia or other conditions where the care recipient is psychologically absent. The video series is the basis for structured weekly conversations led by a trained Duet facilitator, to help equip caregivers with tools to reduce stress and build resilience. Contact Duet's family caregiver services for additional information.
