

## Family Caregiver Support Groups Summer 2022

You don't have to undertake the overwhelming caregiving journey alone. Support groups give you an opportunity to be in a caring and understanding environment with others in similar situations. Share questions and information with people who have been there while learning about resources and problem-solving techniques. Please feel free to join any group. Please call caregiver services at (602) 274-5022 before attending the first time.
